## Dear Children of One God

I come to you with words of love  
That many do not hear  
To a world of mighty Presidents  
Who perpetuate our fear

Who are these men who gratify  
In causing others pain  
As bonds explore and gunfire  
Sounds, will we not feel the shame

Hear children of one god on high  
Gather now and pray  
For a world where peace and  
Love about, a blissful perfect day.

## Dear Angel

*Written for a man after he died....*

Dear angel lead by the hand  
Across into the Promised Land  
A land where everyone is blessed  
With grace and love a place to rest

A timeless haven filled with light  
Where all my worries will take flight  
Oh guardian angel stand by  
Me as I cross over the lord's eternity

## **Marriage**

*This was given to the author's daughter and her new husband on the day of this marriage.*

Angels guard and guide you on this your wedding day  
As friends and family gather round with love and joy to pray  
May god now walk beside you as your two souls join as one?  
On a journey through your lifetime that has only just begun  
Special blessings line your pathways each one for you to share  
So make this marriage wonderful, be kind, be good, be fair  
As springtime turns to summer the autumn and winter of your life  
You can look back and thank the lord that you became husband and wife

## **Inner peace**

*Given by the author to family member on parting from their lover*

The reflection of your soul on mine it brings such inner peace  
A feeling of the utmost joy I never want to cease  
You are all my dreams rolled into one please don't walk away  
Accept each other for ourselves I'm asking that you stay  
A life without your prescience here seems too incomplete  
You are my love, my joy, my truth, my friend who brought me inner peace

## **A Kiss of Love**

*This was written by author for her dead cousins wife and coincidentally was written at the time of their wedding anniversary, which they author, was not aware of at the time. Could this be communication by a dead husband through the author?*

A kiss of love from heaven above I send to you today  
To tell you what you meant to me how I wished I could have stayed  
Our journey wasn't easy and I know you felt my pain  
As you cared for me so tenderly time and time again  
We were meant to be together my wife my dearest friend  
I will wait for you forever until you life on earth doth end  
May god bless you as you walk along into life's eventide  
Remember that I am with you right there by your side.

## **Do You Remember Heaven?**

*Do you remember heaven?*

The home we left behind  
The tranquil beauty of that place is etched upon my mind  
The bluest skies I have ever seen  
Bedecked with golden light  
A galaxy of different worlds drifting out of sight  
Do you remember heaven?  
Oh yes, I really do  
Our angels, guides and masters wait there for me and you.

## **Lord of Love and Light**

I am the lord of love and light  
Tranquillity and power  
I am the guardian of your soul beside you ever hour  
Speak no ill of other men  
Don't judge them when they fall  
For they must realise their truth is blessed by grace for all  
Speak words of wisdom now my friends,  
Tell people of my love  
And I will show the way back home our glorious heavens above

## **A Time to Be Blessed**

Held so gently in my arms  
I took you home to rest

For all the help you have given to others

It was your time to be blessed  
Gods healing light shone down on you  
He filled your heart with love

Empowering you with insight  
And great knowledge from above

Don't let yourself be frightened  
Just remember who you are

And with love and light beside you  
You will shine just like a star

## From An Angel

I will walk along Gods sacred path  
And lead you to the light

I will comfort you when dark despair  
Is all you have in sight

I will stretch my arms around your soul  
With tender love and care

I will nurture your emotions so  
That you can learn to share

I will pray for you at bedtime  
As you lay your head to rest

So that in the light of morning  
You will go forth, and do your best

## Breakfree

A mind crammed full of all the worries of the day  
A soulless job that makes you think  
Should I go or should I stay

A partner who dictates with an iron rod  
My god, this life's a bloody sod  
When do we refuse to leave  
The worries that we cant conceive  
The soulless job, that has no heart  
To look for another brand new start  
The man with whom to share your life  
Will always find another wife  
Break free from chains that bind you tight  
And like the eagle you will take flight

## **A Special Place to Be**

Sometimes we forget about who we truly are  
Overtaken by our ego striving much too far  
Life is like a journey learning of ones self  
Don't clutter up your dreams with greed for instant wealth  
Fill your eyes with natures glory  
From the mountains to the sea  
And God will bless you in return  
With a special place to be

God Love Grows  
Go forth with purpose in your life  
Care for those in need  
And you will see how Gods love grows  
From just on tiny seed

## **Dear Angel**

*For a man who had committed suicide*

Dear Angel lead me by the hand  
Across into the promised land  
A land where everyone is blessed  
With grace and love, a place to rest  
A timeless haven filled with light  
Where all my worries will take flight  
Oh Guardian Angel, stand by me  
As I cross over to our Lords eternity

## **A Golden Path**

A Golden path for you to walk  
Sometimes to listen, sometimes to talk  
Guided by the Lords eternal light  
Your soul will shine forever bright  
Gifts of wisdom our yours to share  
With others who you love and care  
So walk your path you head held high  
And you will spread your wings and fly

## **A Brilliant Star**

A brilliant star shone down from  
Heaven, showering you with light  
Bringing gifts of love and joy  
And wonderful insight  
You have been especially chosen  
To guide others on their way

To help them through life's hard  
Times into a brighter day  
God bless you on your journey, be strong, let go all fear  
Then you will come to realise  
That God is standing near

## **An Ancient City**

NOT FOR

An ancient city far away  
I think that is where I would  
Like to stay

DISTRIBUTION

A place where light and love  
Abound, serenity I think  
I have found

My thoughts they travel through  
Time and space, to a world that  
Is blessed with Gods sweet grace  
The kingdom of the lord on  
High, that is where I will go when I die.

## My Fear

A light so blue that filled  
The room with a sense of love divine  
Showering me with perfect truth  
Eternal light of thine

Why was I so afraid to walk  
Into your waiting arms  
When in my heart I have always  
Known, I would not suffer harm

I have called the keeper to the gate  
To watch while I am away

To guard me and to guide me  
While in my bed I lay

All my fears I will leave behind  
Me as I walk into the light

To a future that's so special  
With incredible insight

**A Little Piece of Heaven**

A little piece of heaven is inside  
Each one of us

The lord of all creation the source  
That makes things just

We don't need to fight religion  
Or shout about our faith

For sword and tongue are useless  
Unless they are blessed with grace  
A little piece of heaven is  
Inside each one of us

The spirit of Lord Jesus Christ  
He asks that we should trust

Cast out all judgment from our hearts  
Let go the hurt and pain

Then the power of Christ's eternal  
Love within us will remain

**MAY 2009**

In prayer the touch the soul of mankind  
And sit within the heart of God  
With silent wonder I reside in the house of forever  
For I have found myself.
